Agenda #4 – A Legislative Act Amending Title 68 of the Cherokee Nation Code Annotated – Legislative Act amended Title 68 – we are taking out the registration fees from the Law and putting it in the Rules and Regulations. If anything would change it would be easier to change in the rules and regulations instead of the law. This will not change the law, just placing the fee in the rules and regulations. This is regarding both motor vehicles, boats and motors.

Commissioner Doublehead made a motion to approve the changes. Commissioner Robinson seconded the motion. Motion carried.

Agenda #5 – Rules and Regulations – Tammy stated the update on these Rules and Regulations are taken from the Legislative Act subsection number being replaced with the tax code Title 68 subsection number. This is with the exception of the Regulations MV: 01-2-235.2 –Assembled Vehicle- adding the language *“No attestation or confirmation of the roadworthiness of the vehicle is expressed or implied by the division’s approval.”*

Commissioner Robinson asked regarding MV: 01-1-103 it states it is under Title 67 Freedom of information and Rights Privacy §105. Tammy said this one is different because it is under confidentiality.

Commissioner Robinson asked regarding MV: 01-1-104 - (B) Proof of physical address within the Cherokee Nation Compact Jurisdiction #2, #3, and #4. She wanted to know how people that live out of the jurisdiction are able to get tags and registration.

She ask if she could get a report regarding those three items. Sharon stated no, that information is scanned into each individual information. They are attachments and they are scanned into the scanning system. You would have to look into each individual information for the physical address, and three pieces of mail, which that information is confidential.

Commissioner Doublehead ask if the utility bill had to be in the registered owner's name. Sharon said yes, people will put someone that lives at that address and lives in the jurisdiction. And they will add their name on the title, as long as they are a tribal citizens that makes it legal. She said there is nothing that Tax Commission can do to say they can't let someone drive that vehicle. They also, will need to have an Oklahoma driver's license.

Commissioner Robinson asked regarding MV: 01-2-250-Foreign Vehicles- She asked why does it state Canada Only? Tammy said Cherokee Nation Tax Commission is not allowed to register vehicles over sea. Sharon said we do not have the ability to tag those vehicles. Those have to be registered with the State. Commission Robinson ask why we are not able to register those vehicles.

Paiten Qualls said she would research that question and get back with her on that question.

Commissioner Robinson made a motion to approve the Rules and Regulations. Commissioner Doublehead seconded the motion. Motion carried. Motion carried.

July report was 3.64% year to date increase in motor vehicle. 16.31% increase.
